Roddy,

I assured you I would get back to you and let you know about CN's response to your questions.

We do not have anything to add beyond the statement we already shared concerning the recent Ontario Auditor General report, and the statements CN has made on these topics, including this which you may have already seen:

<http://www.cn.ca/en/media/2013/10/cn-says-its-rail-infrastructure-construction-work-for-go-transit>

Finally, the Holmes litigation referenced in our previous statements and other media reports is ongoing.

Thank you,  
-Patrick
